

Details about Heli tour to Everest

<http://www.gangajamunatreks.com/everest-helicopter-tours>

Everest Helicopter Tour is famous trip for children to aging peoples. More suitable with tourist having limited time frame can explore Everest and surroundings with helicopter. Flying at height of 5000 miter and exploring remarkable beauty of Nepal Himalayas is live time achievement. The flight visit world's tallest mountain peak Mt. Everest, more than 8000 miter other mountains and hundreds of other snow peaks. Around 4 hour's flight starting from Kathmandu and ending in Kathmandu, you will be busy capturing memorials with your smiley and informatics pilot.

Trip starts from your Hotel. We will pick up you from your hotel and drop up to Heli pad. Small 5 seater helicopter start to fly towards Everest region via Langtang and Jugal Himal. Meanwhile Himalayas comes nearer and bigger. Your first stop will be in Lukla for fuel refilling. Your next destination toward Everest base camp, typical Sherpa village and off course scenic Himalayas. Your pilot announces the name of different Himalayas and provides you all the information. Your helicopter gets closer with Mt. Everest as near as possible. After rounding around Mt. Everest, other panoramic snow peaks and khumbu glassier you will be landing at Everest basecamp. This is a very good opportunities to take your feet in to base camp of world's highest peak Mt. Everest.

Your next destination toward Gokyo valley. Gokyo valley is richest with lakes situated at highest land between 4600 m and 5100m. After landing at Gokyo, you are allowed to capture scenery and visit small villages near by Gokyo lakes. Now your helicopter starts your returned journey to Kathmandu. Again one more stop at Syangboche airport, meanwhile you get hot mountain coffee time. At the way of returning back to Kathmandu another stop at Lukla airport for fueling. Finally you arrive at Kathmandu airport.
